Lab 1 — Sign Up and Make Your First 15-Second Video

Copy-and-adapt prompts. Click **Copy**, paste into Higgsfield, replace anything in <angle brackets>.

PROMPT 1 — THE LAZY PROMPT (FORMAT + VIBE)

```
Create a 15-second video of an epic sci-fi scene.
```

PROMPT 2 — MAKE SUPERCOMPUTER INTERVIEW YOU FIRST

```
I want a 15-second epic sci-fi scene for a cinema-style trailer moment.
Before you write or generate anything, ask me up to five short questions about:
the main character, the world/location, what happens, the camera, and the sound.
Then write the full prompt with timed shots and wait for my approval.
Use Seedance 2.5 Draft, 16:9, 15 seconds, sound on.
```

> Draft first: generate on Seedance 2.5 Draft (480p, about 45 credits for 15 s) and finalise only the take you keep (about 240 credits at 1080p).
